## **APRIL 2022**

A Note from Pastor Mark

Easter is a few short weeks away. Our 40-day journey through Lent is almost done. Each week we have been using everyday objects to help us focus on the teachings, crucifixion, and the resurrection of Jesus. These everyday objects, like dust, food, crosses, shoes, money, oil, clothing, and stones are coming alive to us in ways we hadn't thought of before. Objects we've taken for granted are now objects of meaning, reminding us daily of our walk with Jesus and each other.

In the closing lesson of our Lenten book, [Lent in Plain Sight](#) by Rev. Jill Duffield, she uses rocks for her object lesson for Easter. Everyday rocks. Rocks walked on, built with, thrown at, skipped, collected, fought over, and even used for doors. To hand hew a rock into the shape of a wheel was not an easy task. Hammers and chisels were used, along with muscle, talent, and perseverance. Rocks that took millions of years to make through the process of pressure and heat were put into motion by the hand of God. The rock that would entomb God was created by God. A very ordinary rock became a rock of transformation. The rock that locked away the lifeless body of Jesus Christ was rolled away, exposing an empty tomb. Stone cold death had been transformed into life eternal.

Growing up I had trouble reading and writing. I rarely got better than C's at school. On the other hand, I had no trouble fixing and building almost anything. I was between a "rock and a hard place." I wanted to do well in school, but school didn't have classes for my hands as well as my mind. My transformation came later. After high school instead of college I went to the union carpentry apprenticeship school. Finally, a school where I flexed my hands and my mind. I excelled as a carpenter and loved it. After the apprenticeship I continued as a Journeyman carpenter, and I then had a call into ministry. The trouble is that Presbyterian pastors must have a bachelor's AND a master's degree. How was I going to do that? I still had a problem with reading and writing. I talked with two different seminaries to see if my 4-year apprenticeship would work for my undergraduate degree, being that Jesus was a carpenter. Both said, "no," I needed the undergraduate degree so I would be ready to do the work of

seminary. So, I prayed, and I trusted that I would be transformed. I started taking remedial English classes and slowly I got better at reading and writing. A stone in my life was being rolled away. God was transforming my life, providing what I would need to do what was asked of me. Transformation does not happen overnight, but it does happen. Believe and trust that God is transforming you for what God desires for you.

Let the stone be rolled away!

Grace and Peace in the name of Jesus Christ,

Pastor Mark

Books by the sea will meet on April 14 at 1:00PM at the church. The book for April is "The Last Thing He Told Me" by Laura Dave, presented by Evie Gilroy.

Before Owen Michaels disappears, he smuggles a note to his beloved wife of one year: *Protect her*. Despite her confusion and fear, Hannah Hall knows exactly to whom the note refers—Owen's sixteen-year-old daughter, Bailey. Bailey, who lost her mother tragically as a child. Bailey, who wants absolutely nothing to do with her new stepmother.

As Hannah's increasingly desperate calls to Owen go unanswered, as the FBI arrests Owen's boss, as a US marshal and federal agents arrive at her Sausalito home unannounced, Hannah quickly realizes her husband isn't who he said he was. And that Bailey just may hold the key to figuring out Owen's true identity—and why he really disappeared.

Hannah and Bailey set out to discover the truth. But as they start putting together the pieces of Owen's past, they soon realize they're also building a new future—one neither of them could have anticipated.

## **Covid-19 rules changing at CBTS**

The Session has voted to make several changes to our procedures for CBTS.

The first few will impact **worship services**:

- Lift mask requirement at church functions, including worship, as of March 13, 2022.
- Allow singing, including worship leaders and the congregation.
  - Worship leaders will remain behind plexiglass in most circumstances.
- Designate a section on the south side of the sanctuary (near the open window) as a “safer zone”, for those who choose/need to limit exposure. We ask those not wearing masks to leave that section for those who do.
- Open the window on the south side and have the HVAC system fan on during worship for greater filtration and air flow. (Furnace has HEPA filters)

Changes impacting **other programs**:

- Allow small groups to meet and determine rules for their meetings, including wearing masks and eating/sharing food, as best suits the group.

Changes that will be **phased in over time**:

- Resume Coffee Hour, after April 1<sup>st</sup>, with direction from Fellowship Committee.
  - To begin – food/drinks will be served in low impact ways.
- Other worship elements referred to the Worship Committee for review (communion service, passing of the Peace, use of hymnals, collection plate).

We have been here before and know that things change. The Session will watch the situation in the community closely. Watch your email, the church web page, Facebook and other means for updates. Open, clear and consistent communication with the congregation is a priority.

We strive to act in a manner appropriate to followers of Christ, with respect, love, and an appreciative awareness of the needs of others. To that end...

**If you are sick – stay home**

**If you live with someone who is sick, stay home**

**If you have had a known exposure to COVID, stay home**

**Wash or sanitize hands frequently**

**Wear a N95 type masks indoors if you have health concerns.**

## Ben H. Shuford

November 19, 1929 – January 6, 2022

Ben Shuford passed away peacefully January 6, 2022, at the age of 92. Ben was born in Texas November 19, 1929.

Ben was married to his loving spouse, Marlene for over 60 years. They just celebrated their 60<sup>th</sup> wedding anniversary last October.

Ben enlisted in the Navy and was stationed in San Diego. After his time in the service, he attended college at the University of Houston and California State Los Angeles. He moved to Oregon in 1968 and began his career in the banking industry. Ben managed several different banks along the Oregon coast throughout his career.

Fine cars were a passion of Ben's. He competed in numerous rallies and races alongside Marlene (aka Flash.) They were longtime members of the Porsche Club of America.

Ben was a dedicated Rotarian, serving as the past President of the Rotary Club of Lincoln City several times and was a multiple-time Paul Harris Recipient as well as a benefactor of Rotary International. For many years Ben donated his time to help raise funds for college as well as several other philanthropic projects locally and internationally. As an active participant in Young Life he helped sponsor fund raisers for the club. Ben also participated in Koinonia Oregon weekends acting as treasurer for the organization as well as participating in leading singing.

Ben was an active member of Chapel by the Sea for many years. Ben particularly liked to stay and visit with friends during fellowship after church. Ben had a keen sense of humor, and he will be missed by his family and his many friends, colleagues and acquaintances.

Ben is survived by his sons, Robert Shuford (Deborah) and Scott Shuford; two grandchildren (Jamie Lynn and Jaren) and 3 great-grandchildren (Londyn, Victoria and Logan). They all live in Southern California.

**A memorial service will be held at 2PM, April 14<sup>th</sup> at Willamette National Cemetery. All are welcome to attend. In lieu of flowers donations may be made to Young Life or Rotary International.**
